

Dear Guild Members,

We are pleased to announce the opportunity to work with another talented Guild member at our January workshop . Heather Lodinsky is well known to many of us, but for our newer knitters and members, let me introduce her.

Heather is an accomplished knitwear designer with over 20 years of experience creating designs for yarn companies such as Lion Brand, and numerous magazines. In addition, she is the author of [150 Knit and Crochet Motifs](#) (2011, Interweave Press). Her popular Central Park Hoodie is one of many patterns to be found on [Ravelry](#).

**This year's January 2024 workshop will focus on Mosaic Knitting.**

Sometimes a knitting technique that has been around for decades becomes popular once again. Mosaic knitting is having a “moment” - revealing its beauty with color and texture. This slip-stitch technique creates colorful fabric, while never carrying more than one color across any row or round of knitting. Heather will teach you how to read mosaic knitting charts, while exploring color and texture. Slip, slip away into beautiful color knitting.
